

**Owner/CFO of Steve Martins Working Wildlife
Wild Animal Trainer for film, and Educational programs**

new endeavor: New developments ; SM Working Wildlife has expanded into creating our own DVD's that are available to all forms of public media. Contents contain our live educational programs, behind the scenes on film sets, how we handle, raise, train and prepare our animals for performing. Meet our trainers, and hear their personal interviews.

1986-Present Married Steve Martin in November of 1986. Continued care prepared and developed specialized diets for various animals such as; Baboons, chimps, lions, tigers leopards, birds of prey. Give personal time and attention to specific types of animals. Enjoy daily walks, and developed daily exercise routines. Provide all health and medical requirements from infant to adult and into old age. Love and care of specifically my two Black leopards, Crystal & Ivory. Providing animals on exhibition. Training animals for film and educational programs. Also teaching new and upcoming trainers, and educating young adults in our volunteer programs.

Gained vast experience in ability to train and understand various animals over the years from a great teacher Steve Martin with animals such as; Leopards, tigers, lions, cheetahs, jaguars, cougars, bears, chimps, baboons, orangutans, ravens, foxes. Gained vast experience in the ability to mix various animals together at times, and raise them in pairs for social enhancement, and companionship.

Specializing in *Raising, training, and designing a nutritional well balanced diet specifically for "leopards" and other felines, as to mimic as closely as possible a diet they would receive in the wild..*

Moved to new facility in Frazier Park in 1991. Retired from Real-Estate to become the office manager of Steve Martins Working Wildlife handling all daily business transactions, and maintaining all required permits. Elected Vice President and Financial officer of Steve Martin's Working Wildlife, Inc. Maintained the continuous care and training of various animals and new up coming trainers.
